

Overview: First Grade - Brain Breaks

Standards:

1st Grade Technology Standard 1: A student must use digital tools and resources for problem solving and decision making.

Materials:

student computers

Instructions:

On the student computers log into You Tube, double check that the safety mode is enabled. Assign students a partner. Have the pairs type “Brain Breaks” into the search bar. Show the class how to filter the search choices using the options video and short, to somewhat limit the search. Then the pair must look through the videos and pick a favorite video to show the class. Once the video is chosen the students will add the video to the Brain Breaks playlist.
