

Lesson Plan Assignment GAFE 4

Christine Kolczak
Hellgate High School
Counseling Chair

Content: Counseling Curriculum
Topic: Career Domain/ Standards 1,2,3/ Grade 10
Academic Domain/ Standards 1,2,3/ Grade 10

After completion of GAFE lesson 3 students will have utilized the MTCIS Website from the Dept. of Labor and Industry.

<https://mtcis.intocareers.org/materials/portal/home.html> Students will have a username and profile. They will have completed 3 different interest inventories and review the occupations they selected. Students will then review the education needed for the occupations and begin to search college options. While utilizing Google they will experiment with the differences between AA/BA/MA/Phd. Students will need to search for one local or state institution, one “competitive” institution and one institution that is in a place they would like to live. Students will learn the options within the advanced search opportunities. They will be instructed to attempt at least one search while limiting the url to “.edu” sites. All 10th grade students at HHS will complete this task. Students will utilize the computer lab on wheels. No grading occurs. Instructor should encourage discussion and allow personal experiences to be shared. Verbal checks for understanding are appropriate.
