

Lesson Plan Assignment GAFE 3

Christine Kolczak
Hellgate High School
Counseling Chair

Content: Counseling Curriculum
Topic: Career Domain/ Standards 1,2,3/ Grade 10
Academic Domain/ Standards 1,2,3/ Grade 10

In a 3 day lesson, we will review the MTCIS Website from the Dept. of Labor and Industry. <https://mtcis.intocareers.org/materials/portal/home.html> Students will create a username and profile. They will complete 3 different interest inventories and review the occupations they selected. They will then do the “myth busters” unit. This requires them to pick an occupation, identify the costs of the education for said occupation and costs associated with working. They will then pick a standard of living and analyze their hopes with reality. Students will then log into the spreadsheet to share their findings with all students. All 10th grade students at HHS will complete this task in small groups. Students will watch youtube videos, receive instruction via the website and participate in group discussion. No materials are needed by the students. No grading occurs. Instructor should encourage discussion and allow personal experiences to be shared. Verbal checks for understanding are appropriate.
