

Search Results for Post-Secondary Options

Overview: This lesson will focus on learning how to find the information needed through google search engines to explore various post-secondary options.

Subject: post-secondary information, how to arrange visits, admissions information, academic requirements for post-secondary options

Grade Level: 12th grade

Materials: Access to computers with internet availability and use of projection screen for demonstrating how to use the form and using google search. Use of [Google Spreadsheet Search Results for Post-Secondary Options](#)

Instructions:

- 1) Write learning objective on the board: "I will know how to use search engines to find post-secondary information" " I will be able describe the requirements for my post-secondary plans" and " I can arrange a visit or be able to contact/admission representatives for my post-secondary goals"
- 2) Describe a brief overview of the lesson
- 3) Demonstrate the use of the Google Spreadsheet and how each person can use this form to keep track of what schools/programs/employment options that they are interested in. They will need to find at least 3 different programs and provide functionals links to each one.
- 4) After they have completed they will need to submit their file through a Google Form Assignment Turn-in that must be developed ahead of time and posted to your website.
