When using YouTube videos in an assignment for a class, you must be sure to only post videos by their owners. A good way to tell is by who posted the video, and if they have posted other videos.

Rubric: Check for understanding

2 - Students are able to identify videos on owner's channels.

1 - Students can discern real videos from fake videos, but not by channels.

0 - Students cannot determine if a video is in violation of copyright.
